

INCEPTION

The IISU grew out of the International College for Girls (ICG) which was established in 1995, as a college affiliated to the University of Rajasthan. Since then, ICG has crossed many significant milestones in its journey towards excellence in higher education. Besides receiving numerous other accolades, it was accredited A+ by the NAAC of UGC in 2005. It was also identified as a Model College by the state government and recognized as a College with Potential for Excellence (CPE) by the UGC in 2010. In a national survey conducted by AC-Nielsen-ORG MARG, also in 2010 for the *India Today* magazine, ICG was rated as the top college in the state in Arts, Science and Commerce streams. Ranked among the top 30 institutions of the country in this survey, the College became a symbol of quality education and women's empowerment. The institution was then declared a Deemed-to-be-a-University by the Ministry of Human Resource Development (MHRD), Government of India, under Section 3 of the UGC Act, 1956. This, more than an achievement, is a reaffirmation of our faith in the quality of innovation, research and academics taken up at the institution. Soon after, in a review by the Tandon Committee constituted by the MHRD, the University was recognized for its competence and strength and placed amongst the first 38 Deemed-to-be-Universities, in Category 1. This has accorded IISU greater reliability and credibility for creating a unique opportunity to explore and put in place what is needed to empower its students through the three Es -Efficiency, Excellence and Effectiveness.

Thus, from a visionary beginning in 1995, IISU is now moving on to new heights as a digitally smart campus with contemporary and relevant programmes and e-learning systems. Alongside its rapid growth and development, the University retains a friendliness and warmth which has characterized the institution from its early days. With over 4000 students and more than 300 faculty and staff members, it offers Undergraduate, Postgraduate and Doctoral programmes in Arts, Visual Arts, Science, Home Science, Social Sciences, Computer Science and IT, Commerce and Management. A multidisciplinary University, its curriculum requires both breadth of learning and in-depth knowledge and prepares its graduates to be problem-solvers, communicators and ethical citizens of a global community.

EXTRA CURRICULAR

For the holistic development of the students, the University lays emphasis on organizing and encouraging participation in extra curricular and co-curricular activities too. It regularly organizes and sends students to participate in various inter college sports and cultural events.

Cultural Events Organized/Participated

Self-exploration leads to self improvement. Keeping in mind the differing perspectives of today's world and an overall development of the students, the University introduces various activities based on the essentials of personality development and individual excellence. The various extra-curricular activities provide opportunities to the students to bring forth foster and enhance their varied abilities. The aim is not to create a self-engrossed individual but to develop in her a spirit of team-work and respect for the abilities of fellow students. Thus in short, the essence of the move is to help optimize the potential, latent or patent, of each student.

THE IISU COUNCIL

The Students' Council of the IIS University is the representative body of the entire student community. It is the interface between the students and the administration and the two work together to identify and address concerns that affect the students directly and indirectly. It represents the interests of the students and participates in discussions and decisions that affect the entire student body.

The members of the council are nominated through an open and transparent system which ensures that students from all faculties, programmes and departments have an equal opportunity of being selected. The members of the Council are nominated for a term of one year.

From acting as the students' voice and ensuring that each student gets the best out of their university experience, the Council works with a focus on an all round development of students. It organises several co-curricular events through the year, in association with the various activity clubs/ guilds on campus. The Council also organises most major events of the University like the Freshers' day, Thank You get together, the Annual day and the much awaited annual cultural fest - Cosmos. It is also actively involved in coordinating the participation of students in Inter University competitions and fests.

An extremely important domain of The Council is its role in streamlining the student volunteer effort for the Institute events that are organized periodically. The Council is headed by the Epahi Das (UG Council) and Apoorva Sharma (PG Council) who, in close association with other student members, work under the able leadership of the student welfare committee which includes faculty members.

ANNUAL PLAY -“SALEEB”

Annual Play of the University titled *“Sakina- Rehearsing Manto in the times of Gang Rape”* was performed on September 29, 2014 at RavindraManch. The chief guest for the evening was Dr. ArunChaturvedi. The show had a full house with audience comprising present students, parents, ex-students, eminent personalities from fraternity and media persons. The play depicted a state of unrest in the girls of today’s India who do not feel safe anywhere. It was a depiction of Sadat Hasan Manto’s short story *“Khol Do”*. In the play one could see different characters ask ‘Sakin’ (the center character of the play, who was gang raped during the partition) a single question that why didn’t she do something about it back then. If she would have done something then, the girls today; would have got a safe place to live in.

The play was an outcome of a month long workshop which started on August 30th, 2014 and lasted till September 28th, 2014. It was conducted by Atelier Theater Society, a Delhi based group. Under the direction of Mr. Kuljeet Singh and Mr. Vivek Sharma, students learned all the nuances of all the facets of theatre like acting, stage management, lighting and sound. Apart from acquainting students with the various details of performing theatre workshop also improved their interpersonal skill and observation ability. It also helped students to build their confidence.

SWACHH BHARAT ABHIYAN

2 October, 2014

The faculty and students at The IIS University took oath of cleanliness as per the Prime Minister's pledge on 2nd October 2014. The Vice Chancellor Dr. Ashok Gupta read the oath and everyone repeated it.

"I take this pledge that I will remain committed towards cleanliness and devote time for this. I will devote 100 hours per year - that is two hours per week - to voluntary work for cleanliness. I will neither litter nor let others litter.

"I will initiate the quest for cleanliness with myself, my family, my locality, my village and my work place. I believe that the countries of the world that appear clean are so because their citizens don't indulge in littering nor do they allow it to happen.

"With this firm belief, I will propagate the message of Swachh Bharat Mission in villages and towns."

To make the oath effective NSS volunteers cleaned the reception, backstage, checked dustbins in rooms and took also swept all areas of the University campus enthusiastically.

Dr. Raakhi Gupta, Registrar of the University set example by taking the broom and sweeping a part of the courtyard in front of the students.

When a query was raised about a boy being killed by tiger he clarified that the tiger was actually trying to save and Raksha Organisation and others campaigning for animal rights had stayed an order to kill the tiger. The bottom line that was obvious from the session that human cruelty was the root cause of wild life jeopardized situation but concerned citizens could bring a change for better. He ended with praise for NSS volunteers for planting trees. Out of 107 seeds planted 89 had survived as the planting was done with care in Nahargarh forest.

GUEST LECTURE

ELECTRONIC PERSONAL SAFETY SYSTEM (e PSS)

14 October, 2014

A guest lecture was organized by NSS Units of The IIS University on 14 October 2014. In the session CENTRE FOR DEVELOPMENT OF ADVANCED COMPUTER (CDAC) shared their new technology 'Electronic Personal Safety System (e PSS)'. It is an initiative done by the CDAC in collaboration with Jaipur police to help women. They have introduced an application called 'NIRBHAYA JAIPUR' which can be downloaded in the smart phones with GPS enabled in it. At the time of emergency we have to press a single button by which an emergency message will land in the control room. Since GPS is enabled they will be able to track the location. To enable this application we to register ourselves on www.epss.in and then hardware device is to be taken which can be also our android phones. After the configuration of the device SOS grey button will turn red. From a moving vehicle SOS will be active in every five minutes. Anytime you feel you are in danger you can press this button. In case the button is pressed by mistake then the DROP button needs to be pressed so the police knows that is was a mistake call. The application is still not inaugurated but it can be downloaded.

In Badarwas the volunteers went to different classes to showing the posters and speaking about Unity in diversity of India. Some students visited the basti behind the school of marginalized section of tribe of Rajasthan and interacted with them.

The NSS volunteers went for a Peace march in the vicinity of University in the shopping centre carrying placards of unity and giving slogans of unity.

Dr. Ashok Gupta, Vice Chancellor made the faculty and students take oath for maintaining unity.

DRAWING COMPETITION ON CHILDREN'S DAY

14 November, 2014

On the occasion of children's day, students of NSS unit organized a "drawing competition" in Rajkiya UchchMadhyamik Vidhyalaya for students of 11th and 12th standard. The theme given to students was "*Mere sapnokabharat*". Students depicted the India of their dreams on paper showing their desire to see India as a well-developed nation, free from all social and political evils.

Winners were given certificates along with colour boxes, and chocolates were distributed among all the participants.

THE ROLE OF YOUTH IN ENSURING EQUITABLE ACCESS TO PUBLIC GOODS

14 November, 2014

Venue: Kanoria

NSS volunteers and Ms. Chanda Asani attended the following session. The visit was organized by Equal Opportunity Cell of the IIS University, Jaipur.

Interactive session with Harsh Mander etc. on the topic of unequal youth.

Harsh Mander, Director, Centre for Equity Studies, social worker and writer, works with survivors of mass violence, hunger, homeless persons, street children, minorities, bonded workers and other marginalized people. He engages with these disadvantaged groups in many ways: direct work with these communities, and as a writer, commentator, policy advocate, researcher and teacher.

His books include *Unheard Voices: Stories of Forgotten Lives*; *The Ripped Chest: Public Policy and the Poor in India*; *Fear and Forgiveness: the Aftermath of the Massacre*; *Fractured Freedom: Chronicles from India's Margins*; *Untouchability in Rural India* (co-authored), and his latest *Ash in the Belly: India's Unfinished Battle Against Hunger*. He regularly writes columns for *The Hindu* and *Hindustan Times*.

Kanoria Mahavidyalaya on 14th November 2014, its 50th anniversary, organized an interactive session on the role of youth in ensuring equitable access to public goods. Mander elaborated and discussed *Hindustan is the youngest country*. Every 2nd Indian is less than 25 years. Nuclear family is the future. There should be a change in the economy further; he questioned why this age is said to be good for the economy; when he asked the gathering of young students what they dreamt of

beoming there were answers like doctor, engineers, lawyers and so on. He further queried what about those who usually get married by age 16 and then engaged in household work?

What about those who don't have a proper standard of living. Quoted with examples. During menstruation no facility no space, no management as compared to boy who are being asked for food, shelter, earn for the family, make home for family. Searching job 100 kms far for 16-18 hrs to earn money for family welfare. Amartya Sen discussed for empathy. From every corner of the world there is response to empathy but why in India, in our community, in our nearby we see injustice, inequality... why is it always there... why is there no change in mind-set of people for inequality and injustice.

There are people who fulfill their hunger searching wheat grains in cow dung, just to satisfy hunger... and sleep in hunger... hunger for food has been a common problem... actions should be claimed to overcome it

Prem with his family sahirya family. He gave his example about empathy. 2 years back in Delhi when gang rap took place of damini on 16 Dec. There were almost each and every person from every side of the corner... but in India exclusion report... in Kashmir puspara village in 1994, almost 20 years back all males were sent out of house and 100 women were raped and not even one apology.

He cited another example about a girl who lives 1km far from your house without any food, shelter... born at roadside near trash... who in severe cold sleeps on the road with any blanket hoping that no one rapes her.. Then he further took the interaction by showing video on "gaonchobannahinn"(will not leave village).

Premseharia, faced problem to give his introduction. His father and mother used to get up early and work so he could study as Prem scored 71% in 12th.. Then another picture recording a visual of Rajasthan where 12 children died just because of poor medical facility, no money, without proper upkeep. One more tragedy taken place at Godhara on 27 Feb, 2002 associated with Sabarmati express Gujarat in 7.30 am where mobs came to kill. Muslims girls were raped. Muslims who are innocent being jailed without any cause. Its impact on people was discussed.

. A girl came from Agrasen college spoke about her problem. She wants to study but her parents didn't allow, studied Urdu. Muslim being painted every time... discussion on it was going then a boy question that this is not true our president was also Muslim. Discrimination done by people living in rural areas was discussed, how were they denied to give wages, no id card, no entry 63 people living in one household.

Later Shri Sharad Tripathy -blind person -profession at amity. Suffering from retinoic denigrate... in his childhood used to play cricket but now due to disability cannot. Gave few examples about his struggles - how he was not informed about the disability certificate and for issuing his certificate.

Conclusion:

The role of young person, ensuring equitable access to public goods. And no one should discriminate others. We should choose some step to overcome the problem and facilitate each other... There are people who are poorly quantified... and due to in quality they suffer more... students from diverse colleges and school were part of it. The event was organized by the past student of Kanoria Ms. Kavita Srivastava On 50th anniversary of Kanoria Mahavidyalaya.

JANUARY 2015

SPECIAL CAMP FEEDBACK

03 January 2015

NSS volunteers came back after winter vacation and interacted with Ms. ChandaAsani about the Special Camp 15-22 December 2014. Those who had participated in the camp all unanimously wanted it to continue for more time. With discussion the volunteers came out with learning of Time Management & Team coordination during the camp. Also they realized their capacities of working under stress. The session on Dramatic workshop was less and there was little space and time for interaction and preparation for nukkad.

The session was ended with leaving their learning for posterity.

VISIT TO KALYANPURA GOVERNMENT SCHOOL

10 January 2015

Unit I of the NSS wing of the IIS University went to the Kalyanpura Government School accompanied by Ms. ArchanaKumari of Human Development and Mr. Punkaj Kumar of the IPR, who are also part of NSS Faculty team. The volunteers made groups and took separate classes. It was an enriching experience for them to become teachers. Some took classes in class rooms but some took classes in the open. A group taught self-defense to a few students. They were all raring to go again. The government school children all came out to bid them adieu.

VISIT TO BADARWAS BASTI

10 January 2015

Unit II of the NSS wing of the IIS University went to the Badarwasbasti, accompanied by Ms. Shilpi Sharma of the Commerce Department, who is also a NSS Faculty. Half the students went to the Badarwas Primary School and the remaining half went to the Basti. The volunteers had an eye opening experience in the Basti, witnessing their living places and conditions. The basti is inhabited by the landless Banjara tribes who have been dwelling on the government land for a long time. They told us that the JDA had come there one day and had forced many people to move from that place. As JDA had been threatening the people regularly, they would soon have to search for another place. The Government planned to build a bus stand on the land. Their children will not be able to go school if they had to shift to another area.

Not surprisingly, the people also did not follow any family planning. They are of the opinion that they need sons to take care of them in future. NSS volunteers told them that their actions would create problems in the form of unemployment, food scarcity and poor health of the women. The volunteers discussed with the people, mostly women, about the importance of health, sanitation, education, hygiene etc. Then the volunteers told kids they should wear foot wears, have regular bath and should study. Overall it was an enriching experience for NSS volunteers to learn about deplorable existence of landless tribes.

FLY PEACE KITE CAMPAIGN

In collaboration with PravahOrganisation

12 January 2015

An NSS activity "Fly Peace Kite Campaign", was held in the university campus in collaboration with Pravah. The Pravah team ensures peace in every human being. It

was open to all students in the back lawns. They joined the NSS volunteers in the activity. Pravah volunteers divided all the girls into small groups of 5-6 members. Their mission is to know what peace means to each person individually and possibilities of realizing that peace. They gave kites and asked each student to share by writing on it what peace meant to them. All the girls participated enthusiastically. Pravah team had been to schools and shared the beautiful messages written on kites by school children. *Sadda* (plain thread which does not cut into skin) rolls were used to fly the kites. It was a realization for all about what peace for them. Pravah organization along with NSS Units of The IIS University has been using kite flying to create the message of peace for past four year.

GUEST LECTURE: THE AIM AND OBJECTIVES OF THE NSS AND ROLE OF STUDENTS

By Dr H J Manglani, Retd. Principal

17 January 2015

GUEST LECTURE: COMMON GYNECOLOGICAL PROBLEMS

By Dr. Poonam Yadav, Gynecologist SDMH, Jaipur

22 January 2015

A session was held on Common Gynecological Problems by Dr. Poonam Yadav, a reputed gynecologist from SantokbaDurabhji Memorial Hospital (SDMH). She addressed the NSS Volunteers of The IIS University about changes in reproductive patterns among women. She talked in detail about irregular menses and diseases of the reproductive system, especially uterus malfunction.

She also highlighted possible treatments for these. Dr. Yadav also stressed on hygiene and self care, proper diet and regular exercise as pre requisites for a healthy adolescence.

In the interactive session she answered the questions raised by the audience. It helped the NSS volunteers to grasp and when required carry forward the understanding to the community.

REPUBLIC DAY CELEBRATION

Nukkad on Save Water and Women Empowerment

26 January 2015

After the school performance was over two groups of NSS volunteers performed street plays on 'women empowerment' and 'save water' relevant topics of the day. These street plays were showcased during NSS Special Camp but some of the participants had left for home. Thus the plays were streamlined by SugandhaBhatanagar, an enthusiastic NSS volunteer who put her whole hearted support to get the new comers to perform. It was appreciated by all IIS fraternity.

CLEANLINESS OF CAMPUS BY H E L P TEAM

31 January 2015

Activity planned for the day was a group discussion and a general meeting for all the volunteers of NSS. It was an orientation and discussion session by Dr. SharadRathore, NSS Programme Officer, to discuss the further course of action for NSS. NSS always provides platform to students who are willing to serve society for a better world and this was evidently seen in the session. NSS with joint efforts of H E L P (a club formed by college students to serve society) has decided to take 'Swach Bharat Abhiyan' to a new level, in which they will clean campus and area surrounding the campus. NSS groups were allotted areas to work upon. All volunteers actively participated in both sessions.

GUEST LECTURE ON SCOPE OF EXTENSION ACTIVITIES

By Mr. Deepak Sachdeva

7 February, 2015

The NSS Units of The IIS University organized a Guest Lecture by Mr. Deepak Sachdeva, from the Department of Journalism and Mass Communication. In an interactive session, he shared that NSS is not just about getting certificates but it is also a tool of personality development. When he asked the students how they could improve their personalities through NSS work, NSS volunteer AbhilashaSaxena replied that NSS provides an opportunity to work for people which enhances their thinking process. Being the convener of the Extension activities of the IIS University, Deepak Sir has received proposals of various activities from the Home Science Department for organizing Diabetics Check up Camp in the nearby community centre. He shared that Students of American Universities from the West take up social service as part of their curriculum. He asserted that genuine participation is must for NSS and that our system is bookish wherein the students learn before the exams, write in down in the exam and then forget it. But this is not what education means. There has to be an understanding of everything and it's connection with real life. He also told us about other extension activities taken by Symbiosis Institute like Water Harvesting Plans, Cleaning the allotted areas, Organizing Awareness Camps, Family Welfare and Planning Camps, Camps about HIV awareness etc. It was an enriching session on enhancing the perspectives about NSS activities.

COMMUNITY WORK

TEACHING CLASSES IN DADABARI BASTI

Experience sharing by AbhilashaSaxena

26-05-14

This was my first day in the GyanVidhyaMandir School of the Dada Bari Kacchi Basti. I along with one more NSS volunteer Seema taught the students of First class. First of all we divided the students. Some students were taken by Seema while I took some students. My students were Pintu, Shahid, Zyed, Aslam, Itihas and Chandra Shakher. First of all I asked all the students to write the alphabet in small letters. I also wrote them on the board and corrected the students wherever they committed the mistakes. Zyed could not write the alphabets so I gave him the Homework. Almost all the students could not the alphabets correctly. After this I asked the

students to write some words such as Tiger, Elephant, and Horse etc to see that whether they are able to write correct words. But I found out that they were not able to make proper letters so I went to the students' individually and checked their copies and made them write those words again. I also made them learn some spellings. The students were attentive in my class but some of them were annoying also and I had to shout on them again and again so as to make them quiet. I really enjoyed my first day in the Basti very much and it gave me satisfaction. I was also to befriend with all those students and they showed interest in whatever I taught them.

27-05-14

It was my second day for teaching the students of the Basti and I was really very excited since morning to go and meet my students there. As soon as I entered I class the students of the class became very happy. I made the students of my group sit at one place. Today there were two more students Kishan and Anish. I taught them English only. I made them write the names of the fruits which I wrote on the board and then the students wrote in their copies. Then I checked the copies of the students and corrected wherever the students made mistakes. Then I asked the students to stand one by one and tell the names of the animals. The students spoke the names of the animals and spelt them which I wrote on the board and asked the students to write it in their copies. I also made Zyed and Kishan write the alphabets in small letters. Then I asked the students to write the tables of 8 and 9 which they wrote in their copies correctly. Then I made the students write the names of the months and made them learn their spellings. The students were really enthusiastic about learning whatever was given to them. It was a really wonderful day for me today. I really enjoyed the work today.

28-05-14

My Third day with the students of the GyanVidhyaMandir was really amazing. As soon as I entered the school the students were having their breakfast in the school premises so they entered the class after some time. As they entered the class they greeted me Good Morning. Then I checked their nails and asked all those students who had big nails to get their nails cut. Then I taught the students the names of the months and their spellings. I made the students repeat the spellings after me and then I asked the spellings from every student. I made some students to revise the spellings. The students were excited to learn the spellings and all of them learnt the spellings. Then I also made the students dance at the end of the class. I called all the students to come forward and played the songs that they liked. The students demanded the songs such as Lungi dance, Party All Night, Sunny Sunny etc. I played all those songs for the students which the students enjoyed very much. Then I asked the students to make paintings. The students came on the board and made different drawings on the board. However due to paucity of time I could not give much time to the students. But I enjoyed a lot with the students.

29-05-14

I was waiting for going to the Basti since yesterday and as I woke up in the morning today I decided as to what I would be teaching the students. As soon as I reached the School after making the entry I rushed to my class. The students of my class wished me by saying Namaste. Then I asked the students whether they had learnt their homework as yesterday I had asked them to learn the names of all the months of the year with their spellings. To my dismay, the students did not learn the homework. So I then moved on to different work. First of all I asked the students to tell the names of the fruits one by one. The first 3 students could tell the names of only

Apple, Mango, Banana, Papaya and Grapes. The rest of the students could not name any fruits. So I wrote the names of the fruits on the board and made them learn it. Then I made the students repeat them. After that I asked the students to tell the names of the fruits one by one but the students could not tell it. So I called the students to come and make other students revise the same. In this process I was frequently asking the students whether they had learnt the names of the fruits or not but they could not tell me the names of all the fruits except Apple, Mango, Banana, Papaya etc. So I continued with their revision work. In this process only their class got over. So I gave them the homework to learn the names of all the fruits and promised them that if would learn it then I would make them play games the next day. My experience with these students was amazing as usual.

30-05-14

Today was my second last day in the school and I decided to make the day full of fun for the students. Today was the day full of enjoyment. First of all I call the students one by one to recite the poems. All the students were very enthusiastic so each of them came forward and recited the poems. I appreciated them by giving toffees to each of the students. After this I asked the students to make drawings. The students were very excited on this. I made scenery on the board and I promised the students that whosoever would make the most beautiful painting would be rewarded. Then the students made beautiful drawings in their copy. After this I made the students play games such as RingaRingaRings Roses etc. The students were very excited at this and they all played with great enthusiasm. The day was full of fun both for me and the students.

LITERACY PROJECT
KALYANPURA SECONDARY GOVERNMENT SCHOOL
Experience Sharing by Aditi Lakhoria

Literacy week in Kalyanpurabasti, Mansarovar.
(From 27th October 2014 to 1st November 2014)

Around 40 students went to the government school (for 6 days 1 hour per day) of this basti to celebrate the literacy week with them. It was my first experience of teaching, and I didn't expect that it could teach so much! The satisfaction of giving and the feel of imparting knowledge was wonderful.

The week's report is as follows:

Monday -

Rapport building was my motive today. Familiarization with the students, their teachers and the newly assigned principal was done.

Also, in the short duration, I managed to tell students of grade 5 about plural and singular words in English.

Tuesday -

The students this morning were lined up in the small area for morning assembly. After which I talked to the teachers and students on general daily topics.

Wednesday -

I started teaching a new class today, i.e. class 7. I asked the students in which subject do they need help and so explained various principles of Math to them.

The students complained to me about their teachers not bothering enough to explain the logic behind problems of Math.

Thursday -

I took the same class today as yesterday.

Teaching the students rational numbers and number line.

Friday -

I completed yesterday's topic in Math. And taught them the logic behind linear equations in Math.

The students and I grew so attached to each other in just 5 days, that they made me promise to come teach them whenever I had time. I promised and got a bunch of wild flowers in return!

Saturday -

Today we celebrated 'National Unity Day' in the school.

5 girls including me gave a collective speech in the morning assembly on the importance of unity and universal brotherhood and on the Iron Man of India, Mr. Sardar Vallabhbhai Patel. Posters, story telling and Oath taking ceremony was also done by us.

Importance of cleanliness and the general hygiene conditions were also discussed. Also after going to our respective classes, I taught the 7th graders some drawing techniques.

This week has been an amazing experience. And, I am looking forward to more such weeks!

SPORTS ACTIVITIES

“Champions are not made in Gyms. Champions are made from something they have deep inside them – a desire, a dream, a passion, a vision.”

Gain a passion for sports, love the morning, love the environment, love playing and in no time you will love your life even more and enjoy to the utmost. Set your goal high and don't stop till you get there. Gold medals are not really made of gold; they are made of sweat, determination, hard work and guts.

Sports teach you that, it is good to compete, run & sweat and good to get dirty, feel tired, healthy & refreshed.

The IIS University, a leading institute in women education, has not only provided its students quality education, but also a platform to prove themselves and carve a niche in this highly competitive world.

The Sports Board provides numerous facilities in a variety of sports like Shooting, Swimming, Cricket, Basketball, Badminton, Volleyball, Football, Archery, Taekwondo, Handball, Table-Tennis, Tennis and Athletics. It plays a major role in physical, mental, emotional, intellectual and social development of students and also provides opportunities for them to prove their caliber in this field at different levels – State, National and International.

The University players have been participating in the West Zone / All India Inter University Tournaments/ Championship in various sports like Basketball, Taekwondo, Archery, Tennis, Shooting and Football from 2013. 2014 onwards, the University has also started organizing Inter University Tournaments. West Zone Inter University Tennis (W) Tournament was organized by the University in the session 2014-15.

A number of Inter-Class Competitions are held every year in the University, where enthusiastic students from all courses are given a fair chance to compete wholeheartedly in various games and sports activities.

The ICG Health Club (Gym)

The IIS University offers a well-equipped, fully air conditioned fitness centre with a state-of-the-art equipment & facilities for its students and faculty to provide a perfect blend of physical development with mental and spiritual growth. It runs several fitness training programmes like cardio, strength, weight training and has a variety of equipments such as Treadmills, Cross trainers, Abcoaster, Recumbent bike, Upright and Spin Bikes, Twister's, Multi Gym four station, Aerobic Steppers and Swiss Balls, to name a few. The services of a Certified Instructor are also available for training and guidance.

Certificate course in Yoga (60 hrs)

Yoga is a healing system of theory and practice. The purpose of yoga is to create strength, awareness and harmony in both mind and body. The relaxation techniques incorporated in yoga can lessen chronic pain, such as lower back pain, arthritis, headaches and carpal tunnel syndrome. Yoga can also lower blood pressure and reduce insomnia. It increases flexibility, muscle strength and tone, respiration, energy and vitality and weight reduction with improved athletic performance. Stress can reveal itself in many ways, including back or neck pain, sleeping problems, headaches, drug abuse and an inability to concentrate. Hence, aside from the array of physical benefits, one of the best benefits of yoga is that it manages stress. For such well being promotion, the university also offers Yoga courses for students and faculty members every year. The Certificate course in Yoga (60 hrs.) is running in the University campus at present.
